I saw you give your heart away
I saw you dripping on
You made to spend a lot of love
But you are paing for that

How you standing in the wind
Turning on ..
Do I have to be your wiping boy just he broke your heart
Ooo
I want you
To want to
Go with me
I'll come with you
If this a hole in your heart
I can fill it
I do
I've been working about try to reach you
Try to bring you back to love
You've spend too long time thinking about what's been
bad
I think it's been long enough
Want to meet me on the run away
Cause the sky is glin tonight
Ooo baby it's time to spread you wings
Everything it's gonna be alright
Be alright
I want you
To want to
Go with me
I'll come with you
If this a hole in your heart
I can fill it
I do
If i could
Then i would be in you
You're in my blood
If you need someone to bring back the ...
I will
I will
Let me educate your fear
When the world it's against you baby

I'll be here
I'll be here
I want you
To want to
Go with me
And I'll come with you
If this a hole in your heart
I can fill it
I do
If i could
Then i would be in you
You're in my blood
If you need someone to bring back the ...
I will
I will
I will
