We all get out in the shining sun
Squeeze is first, he's always ready for fun
The valley bow dance and the games begun
Today's the day for Pat to hit a hole in one

It's the best sensation
When we're on vacation
Everybody has fun
When we're playing in the sun

It's tough when you work all day
It's great when you can get away
To fish and swim, we love to play
When we're on vacation, here is what we say

It's the best sensation
We're on vacation
We all have fun
When we're playing in the sun
