Visit "[Obvious To Know](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Keep tripping on thoughts in my head  
I can't believe the selfish eyes of mine  
And i know i haven't been myself for so long  
So long, so long

Am i too late to go home?  
Am i too late to see the road  
Or is it obvious to know  
Is it obvious to know

I keep tripping on words in my head  
I can't believe the selfish man that i am inside  
And i know i haven't been myself for so long  
So long, so long

Am i too late to go home?  
Am i too late to see the road  
Or is it obvious to know  
Or is it obvious to know

Am i too late to go home?  
Am i too late to see the road  
Or is it obvious to know  
Is it obvious to know
