She hates the way that you seem to look at life
On top of the game
Mysteriously your eyes are open wide
And every question, you seem to have an answer to

As that's the way you see
Cause life's not what it used to be
And now you know, that I feel this way
Take control, of everything you say

And if you see the things that I can see
Then you know what I mean when I say
That it all comes down to what you do
In the next few minutes

(Tick-tock-tick-tock-tick-tock)
The next few minutes
(Tick-tock-tick-tock-tick-tock-tick)

A dark room, the sky never seems to be blue anymore
Cause she hates every little bit of what it was before
But you don't seem to care, cause you're heart is like a
fortress
Nothing is coming in and constantly you're gonna win
(Tick-tock)

And now you know, that I feel this way
(Tick-tock)
Take control, of everything you say
(Tick-tock)

And if you see the things that I can see
Then you know what I mean when I say
That it all comes down to what you do
In the next few minutes
(Tick-tock-tick-tock-tick-tock-tick)
What you do in the next few minutes

It's a surprise, when she's telling lies
You can see it in your eyes
That you're hypnotized

Still you never look over your shoulder
I told you, that it was over
When she said that you can have an alibi
Just for when you cry
Putting on a defense side
Let's take you for a ride
You can do so much better
Oh you can't let her tear you up
Then just forget you!

(Tick-tock)

And now you know, that I feel this way

(Tick-tock)

Take control, of everything you say

(Tick-tock)
