"Fire"

Visit "[Fire](#)" on MotoLyrics.com

Sometimes i like to start little fires
Sometimes i like to hurt a lot of people
But those are just some of my desires
Sometimes i like to start little fires

Fires great!
Hey, look at all those people over there!
And their children
Hey guys come look at this
Bright shiny fire
You like it???
Mua ha ha ha ha

Sometimes i like to start little fires
The kinds that evactuate buildings
Send people out running and screaming
Into the driveway

I like to destroy their dreams
I like to hurt people
I like to hear pregnant women screaming...
While they're on fire!

I like to set people on fire
I like to hit pregnant women
In their little round pregnant bellies
Where they carry those nice little babies
