Honey, what is that really big star in the sky?

It's called the sun motherfucker!  
It's the sun motherfucker!  
It's just the sun you bitch!

That's the sun motherfucker!  
It's just the sun! (Whacka-Whacka! )

You left me for some stupid shit  
And I cried and shit  
And you were still a bitch  
So for months and months  
I jacked my own dick  
You said to move on so I did  
You told me that horeshit had changed  
And you left me in on a nasty rain  
So I tried to move on  
And fuck some bitch  
Now you want me back and that's a fucked up shit!

It's the sun motherfucker!  
It's just the sun you bitch!  
It's the sun motherfucker!  
It's just the sun you fucking bitch!  
It's the sun motherfucker!  
It's just the sun you bitch!  
The biggest star in the sky is the motherfucking sun

Let me just ask you one question  
How does it feel to be a bitch  
Bitch  
Wanna know more about the sun

You weigh a dick compared to the sun  
In fact, the sun is gonna keep blazing in the sky no  
matter what the fuck you do  
One day the sun is gonna come down here and beat  
your fucking ass  
Cuz that's just what the fucking sun does  
That's how it rolls
