Every time I think this *** gettin' rough
For me out here *** I just remind myself, dawg
Monday through Friday, homie
From 8 in the mornin' to 5 in the evenin', dawg

It's some *** in the court room 'round the country ***
Fightin' for their muh'*** lives, dawg
The *** bannin' *** everyday, ***

My dawg went to court today, they gave him 15
*** banned my lil' *** , he was 17
Young *** don't even know what all that time mean
*** done shattered my *** dreams

They howlin' mandatory, they want him to do the whole
thang
*** showed up in court on my dawg and did his thang
*** did my *** , now I got to bust his brain
*** woulda did me, my dawg'd do the same

His lady callin' me cryin' and now I feel her pain
Tired of losin' all my *** to the chain gang
In thirty minutes a *** whole life can change
*** over sinister *** when this *** gon' change?

*** give a *** a 100 years
Have yo' mama leavin' out the courtroom in tears
*** don't love to have a *** breathin' for real
Take a *** life from him, they don't know how it feel

*** give a *** a 100 years
Have yo' mama leavin' out the courtroom in tears
*** don't love to have a *** breathin' for real
Take a *** life from him, they don't know how it feel

Ain't talked to my dawg yet but I know he sick
Next 15 years of his life behind a fence
A *** find a *** guilty and hit him with the bench
Gave one of my dawgs 27 on his first offense

The time they get the *** for the crime ain't makin'
sense

They jacked the number up, now it's 85 percent
They did that to make you *** out there snitch
And put conspiracy in the game, to railroad the click

And *** feel like *** ain't got no common sense
A *** paper ain't right, they banned him off the rip
A public defender don't get you *** but a long trip
And judge sentencin' innocent *** without a guilt

*** give a *** a 100 years
Have yo' mama leavin' out the courtroom in tears
*** don't love to have a *** breathin' for real
Take a *** life from him, they don't know how it feel

*** give a *** a 100 years
Have yo' mama leavin' out the courtroom in tears
*** don't love to have a *** breathin' for real
Take a *** life from him, they don't know how it feel

How in the *** can fo' birds get you a life sentence?
But give a *** 7 years for money launderin' millions
Shoot a *** in the leg, they sentence you like you killed
him
*** catch you with that hand and put you under the
buildin'

You a ***, that mean you guilty 'til proven innocent
Money talk and bull*** walk a thousand miles
You ain't got a paid lawyer then don't go to trial
*** owe each other favors, they'll swap ya out

You give us him, we'll give you him, know what I'm
talkin' 'bout?
*** took 30 years on a cop out
***, you get 30 years for breakin' in a *** house
*** playin' a dirty game, boy, this *** wild

*** give a *** a 100 years
Have yo' mama leavin' out the courtroom in tears
*** don't love to have a *** breathin' for real
Take a *** life from him, they don't know how it feel

*** give a *** a 100 years
Have yo' mama leavin' out the courtroom in tears
*** don't love to have a *** breathin' for real
Take a *** life from him, they don't know how it feel
