Born in the gutter I done been through them wars that's  
why when you see me

Verse 1:

Bet you for the paint that why mines never bust  
Done been under the gun and ain never told nun  
Spooky ain't in me that's why I'm never shook  
I'll take one for my homies if just that what it took  
My heart don't pump Kool-aid it pump real blood  
If I told you that I'm for ya Â then that just what it was  
Ain never been the one to sprang ya I'm the one you  
trust  
Got a problem with one of my partners gotta kill the  
both of us  
I'm riding for the call I'm loyal to the end  
If it's bout one of my soldiers best believe I'm all in  
When they had us in that jam I took one on the chin  
I'm stiffer than the rest of em it is what it is  
We down then we down and that just how I feel  
Solid and authentic that just how I live  
You can lie to me all you want but you ain't taking nun  
from me  
Being a hunnit is a undastatment that's why I'm yelling

Chorus:

I'm one-thousand nigga I'm one-thousand nigga

You can't tell me nun cause I done been through it all  
that's why when you  
See in these streets I'm hollering out I'm one-thousand  
nigga I'm  
One-thousand nigga  
Born in the gutter I done been through them wars that's  
why when you see me  
In these streets I'm hollering out  
I'm one-thousand nigga

Verse 2:

All of my life I was raised in the struggle  
Whenever ain't have it guess what I got it from the  
muscle  
The things I done been through you can't tell me get  
no rougher  
I told the D.A. to his face he'll never make me buckle  
I'm one-thousand nigga you better act like you know it  
I'm yelling out I'm a thousand boy cause I done been  
through it  
Never have I ever hated on another man  
Came up went down and came back up again  
I'm one-thousand nigga talk it how I live it  
And one thing about me I'm a live how I talk it  
Whole hood knew I was broke but this ya last you saw  
that  
If I swear it off with em 9 out of 10 I drug it  
One-thousand nigga down to the gristle  
And ran with the niggas that will find it off the ripper  
If you came and slid wrong, you gone get ya issue  
If you see me in the streets and you official holler out

Chorus:

I'm one-thousand nigga I'm one-thousand nigga  
You can't tell me nun cause I done been through it all  
that's why when you  
See in these streets I'm hollering out I'm one-thousand  
nigga I'm  
One-thousand nigga  
Born in the gutter I done been through them wars that's  
why when you see me  
In these streets I'm hollering out  
I'm one-thousand nigga
