What we doing, what we doing, what we doing  
What we doing, what we doing, what we doing  
Ima ask you straight up  
Look I aint really like tryina like, be funny  
But I see you on your way to get your gas money  
Cause I aint impressed on this end about no pussy  
honey  
Cause I dont really like me, like shit from me  
Told me come scoop you up and I did that  
I told you I aint with the game and I meant that  
And at the certain type of hour I dont chit chat  
And when the song go down, thats when the shit  
happen
