[Hook] x 2

Strap on my motherfucking lap, it's shoot or hunna
Bad bitches all on times, gotta hunna
Stick that on that ass, doing the tat, doing the hunna
I ain't got no change yeah, all I got is hunna

New palee, white teeth, fuck louie
Start talking bout it, be about it, pussy do it
... go the go, said fuck it, I ain't coming
New lands came out, I'm going to get the john
He rap his ass off but that fuck nigga cornered
Asked me for a feature, told him nigga
I ain't doing it
Money in the ceiling, got them turkeys in the van
Pistol on the counter, got the cookings front to fan

Who that nigga in the 5 star suit
Nigga play the chppa, nigga that 5 star eat
I don't give a fuck, drop the hunna on the beats
Pay for the cats, all the crackers on lease
And one of us don't die pussy nigga wouldn't beef
You scared say you scared, nigga
Get behind me
Peels on my lap, waist them all on the seat
Pour down the liquor, for my homie, rest in piece
