I wanna lock her up in the crib and fuck her all day  
And fuck ya on the couch and eat ya in the hallway  
And walk around naked and put the cell phones away  
Whenever you want this dick just look at me and say  
bae  
Whenever that pussy get soaked we can call it today  
I wanna catch ya on that look and put it on ya ass  
And pin yo lil ass up and fuck ya like a mass  
I wanna finger you first make ya wanna fuck me bad

Soon as I feel that pussy get wet step on the gas  
And I'm a fuck ya from the back but I'm a do it last  
I want you to ride me first while I squeeze on ya ass  
Whenever you feel that nut comin want you to fuck me  
fast!
