Chorus:

See I made it of the block way,
They don't talk it, they just do it
Now we celebrate a way to bring a bottle of fluid
Yeah, I started in the kitchen, now we're strapping...
And was a word about the niggas who was clapping in
the streets
Cause they were with me (the long way)
I'm getting money (the long way)
I'm in the streets (the long way)
They bitches love me (the long way)
I'm in these streets the long way
The bitches love me the wrong way

On three I hear hustles, got a ride under my way
Make them take it from... could change
... says she hurt them both the chain
Homie, took my own...
Bitch, I really don't know how to pay, no!
No beat... so right now I'm kinda drained
... and you're right up in the game
Getting money, fucking dimes and we're on the same
thing!
Since I scream out for a trigger
All game been the same
Since the young been official
Nobody say I am!
That's why the hoes love me, cause I fuck them till they
faint
... album all and the same
In the hood I'm a god, everybody know my name
They team... told them to take it off the frame
... cause they all like to aim
Ask me why my dough gone, I forbid these smoking
stains

Chorus:

See I made it of the block way,
They don't talk it, they just do it
Now we celebrate a way to bring a bottle of fluid
Yeah, I started in the kitchen, now we're strapping...

And was a word about the niggas who was clapping in
the streets
Cause they were with me (the long way)
I'm getting money (the long way)
I'm in the streets (the long way)
They bitches love me (the long way)
I'm in these streets the long way
The bitches love me the wrong way

He say he's good in the hood, but my... a little better
Ask me do I want... tell them fuck it, go...
See, I used to call them... but now I call them weather
And in a giving time better turn up on a nigga
... that's a whole lot of pressure
Ain't lie, swear to God that the whole God bless him!
... that I'm a pussy, and they don't get the message
So when her man leave she can go ahead and text me
You ain't seen me in a minute... had to fix it
All day, no hoe cause he might be trying to check me
Ask me why keep turning my head,
I told the bitch you trying to kiss me
Ain't... for all of that, I've been trying to get you to
business

Chorus:

See I made it of the block way,
They don't talk it, they just do it
Now we celebrate a way to bring a bottle of fluid
Yeah, I started in the kitchen, now we're strapping...
And was a word about the niggas who was clapping in
the streets
Cause they were with me (the long way)
I'm getting money (the long way)
I'm in the streets (the long way)
They bitches love me (the long way)
I'm in these streets the long way
The bitches love me the wrong way

Got so many hoe, I'm winning nigga, bingo
Yeah, I'm in the club, bitch I got my...
Say he had a check for texting by...
Your legit told me I'm a real nigga, he knows!
First I bought a house, then I bought a stove
Got my money up, then I bought a...
Next I bought a bucket, then I bought a room
Where is all this money, nearby is some hoe
... she told me she fucked with me the long way
He don't get on more realer, ain't nothing else to say

Chorus:

See I made it of the block way,

They don't talk it, they just do it
Now we celebrate a way to bring a bottle of fluid
Yeah, I started in the kitchen, now we're strapping...
And was a word about the niggas who was clapping in
the streets
Cause they were with me (the long way)
I'm getting money (the long way)
I'm in the streets (the long way)
They bitches love me (the long way)
I'm in these streets the long way
The bitches love me the wrong way
