I can shoot you anywhere ain't gotta put it in ya veins  
Within the first two seconds you will feel the change  
Only discomfort that you might feel is good pain  
One side affect of this medicine is butt gain  
A half a dose of me and I promise you wont be the  
same  
Addiction to this medicine is common don't be  
ashamed  
And if you feel a lil woozy after this just hold my hand  
And I can numb yo whole body just like Novocain  
I can make you come back you can call me cocaine  
And if you take this first dose good Imma up ya range  
On yo prescription it will read Plies name  
The rest of yo life you will not accept no lames
