wea the mayo weren't right and were the police weren't

only thing a nigga owned was choppers in triple beams
when yo ass was sleeping on the floor u tend to have
different dreams

when u growed without shit u wish for different things
always wanted shit that ik wasnt n my range
prison and seeling dope was things i couldnt tame
growin up black and broke was facts that still remain
situation i was born in something i could never change
mama was tryin hard daddy was smokin things
i thought it was normal i friends was goin thru the same
thing
