They say when you mix blue and yellow together
You get green!
I say when you mix real niggas and fucked niggas
together
you get a bad situation!

Chorus:

Nigga show their true colors
Anytime money involved, every time they turn bad
Niggas show their true colors
When niggas they fall at the one that played cool
and you knew them your hole life!
Nigga show their true colors
When it is only time, they didn't know you get what
you want
Nigga show their true colors
When niggas they go broke
Any times they're losing a second they get shot
Nigga show their true colors
Niggas they fool me cause I didn't know that he was
crooked
I didn't know he was! I didn't know he was pussy
Niggas they seen me going! niggas think they were
crazy
..she is just.. cause niggas try to respect me
Niggas might switch, but niggas will never play me
Niggas might talk, but niggas will never phase me
Pussy niggas I am, I told that to the game
Rule number one, homie, never go get the grain
Pussy nigga like a million, real niggas stay the same
I'm a real nigga everyday, nigga I never change!
Pussies gonna be pussies, hoes gonna be hoes
The real gonna be real, and the weak gonna!

Chorus:

Nigga show their true colors
Anytime money involved, every time they turn bad
Niggas show their true colors
When niggas they fall at the one that played cool
and you knew them your hole life!
Nigga show their true colors

When it's only time, they didn't know you get what
you want
Nigga show their true colors
When niggas they go broke
Any times they're losing a second they get shot
Nigga show their true colors
Mother fuckers always told me, don't bite the hand that
feeds you
The one that.. the main one that needs you
Beat you, get mad, act like they need you
Fuck niggas, been around and.. the snake
Niggas faking the law, niggas try to deceive me
What they gonna learn, is fuck niggas, get amnesia!
First they lie to themselves, then they lied to the people
Back in the days do, niggas they have a reason
Half the shit they say, half they don't mean it
Real nigga is real, came to come between us
Not and niggas laugh a personal game
Niggas they play stay for

Chorus:

Nigga show their true colors
Anytime money involved, every time they turn bad
Niggas show their true colors
When niggas they fall at the one that played cool
and you knew them your hole life!
Nigga show their true colors
When it's only time, they didn't know you get what
you want
Nigga show their true colors
When niggas they go broke
Any times they're losing a second they get shot
Nigga show their true colors
A lot of niggas in the streets, got it confused, but real
deals
Niggas call you real, but they act what's up
Nigga, I call that a favor, I got shit
Envy a mother fucker, it makes you say how it feel
..then you ain't real
The shit that I call real is the niggas sitting in a cell
.. and they dogs they wouldn't tell
..and it's bad, and they ride steel
Fuck niggas, cross real, real don't cross real
Any time a nigga hurting I expect a nigga to feel
Every time a bitch feelings get hurt, I expect a bitch
Fuck niggas disapoint me cause I expect shit

Chorus:

Nigga show their true colors
Anytime money involved, every time they turn bad
Niggas show their true colors

When niggas they fall at the one that played cool
and you knew them your hole life!
Nigga show their true colors
When it's only time, they didn't know you get what
you want
Nigga show their true colors
When niggas they go broke
Any times they're losing a second they get shot
Nigga show their true colors
