Chorus:

Yeen really on that, yeen really on that  
Talk like you are bad, nigga  
Yeen really on that  
Take a bit through that  
Yeen really on that  
Pull up on a nigga ass  
Yeen really on that  
Nigga, yeen really on that  
Right now on a beat  
Yeen really on that  
Yeen really on that  
Yeen really on that  
Nigga, yeen really on that  
Yeen really on that  
Nigga, yeen really on that  
Yeen really on that  
Real recognize, real, nigga, you don't look familiar  
I heard a nigga took his chain, damn, go after your  
killers  
If you're sweet then you're trash, blow that off the  
ripper  
But my bitch, I'm busting, niggas turn that off the drill  
Everybody ain't pussy, everybody ain't killers  
That's most you niggas flag to us, that's on the realer  
Keep your mindâ€¦ and keep your finger on the trigger  
I feel by the.. but.. they're guessing  
My models will be for me and for bitch I'll really fix it  
You got niggas that fly, you got niggas that living  
You ain't ready to go to war, you don't act like you will  
You won't give bitch the issue, they don't talk like you  
will

Chorus:

Talk like you are bad, nigga  
Yeen really on that

He got the mind of a realer, but got the hear of a  
puddle  
He ain't really about that shit,  
that's why Iâ€¦ for a nigga to spook you  
When you're done by that.. you can't swear, she get  
crucial  
Why you are out here with all thatâ€¦ as niggas playing  
with rubber?  
And the shit I had to learn, I'll be the first one to sue ya  
The same one that ..their ass, on Twitter talk stupid!  
Oh no, he ain't a burglar, oh no, he ain't a gangsta  
That fuck niggas, that hurt  
That pussy trying to get famous  
I'mma help you out with that  
On sweet cheese your ass  
Drop a young nigga off, and let himâ€¦ on your ass  
They're trying to trick me off the streets  
But a fuck nigga ain't  
Nigga feel lucky everyâ€¦ but I'mma leave his ass  
stink!  
Chorus:  
Talk like you are bad, nigga  
Yeen really on that  
Take a bit through that
