[Chorus: Tank]

You! {You}

Thinking about me! (Thinking about me)

Sucking on you! (Sucking on you)

You sucking on me! (Can you do it for me babe?)

Me! (Me)

Thinking about you! (Thinking about you)

Cumming on me! (Cumming on me baby)

Me cumming on you! (Me cumming on you shorty babe)

[Verse 1: Plies]

Hoe, don't be cute, tonight I want to get nasty

Let me drop this mayonnaise, baby, in your salad

Slide your hand in my pants if you want to grab it

Bet as soon as you touch it, you call me "big" daddy

Want to lick all over you before I let you have it

Hold your legs open for me so I can really pack it

I'm already rock hard, you ain't got to jack me

Bet the tip of this tongue make you really like it

Picture us on the floor with no clothes on

You eating me, I'm eating you, shit we both grown

Let you ride me tonight off your favorite song

Tonight a special night, baby a freak is born

[Chorus: Tank]

You! (You)

Thinking about me! (Thinking about me)

Sucking on you! (Sucking on you)

You sucking on me! (Can you do it for me babe?)

Me! (Me)

Thinking about you! (Thinking about you)

Cumming on me! (Cumming on me baby)

Me cumming on you! (Me cumming on you shorty babe)

[Verse 2: Plies]

Let me cut a hole right in the middle of your panties

Put a peep-hole right on top your candy

I'ma have you moaning when you grab me

I'm a goon lil' momma but I like it fancy

See, sucking all on you is what gets you all ancy

Seeing how a goon moves, makes you want to chase

me  
After I rip you tonight you might want to ban me  
Your friend wanted me to, thats why she can't stand  
me  
It's your friend in your jeans that got my attention  
A real nigga in your life is all you missing  
Ain't nobody like me baby, I'm my competition  
Baby when you walk out the door in the morning you  
leave with me

[Chorus: Tank]

You! {You}  
Thinking about me! (Thinking about me)  
Sucking on you! (Sucking on you)  
You sucking on me! (Can you do it for me babe?)  
Me! (Me)  
Thinking about you! (Thinking about you)  
Cumming on me! (Cumming on me baby)  
Me cumming on you! (Me cumming on you shorty babe)

[Verse 3: Plies]

If you want to we could just tease each other  
Get drunk. Get naked and lay under cover  
Let me peek at her first before I go any further  
Stick my finger in yo mouth before I even touch her  
Ain't got to put it in, we could just hunch each other  
See if I could make you nut without even f\*\*king you  
Feel me pushing up against you, then go on and rub  
you  
Now you mad you want to f\*\*k, I could tell how you  
cussing  
Just a couple minutes ago, you wasn't f\*\*king nothing  
Now you pressing up against me because that pussy  
gushing  
Got you swerving all over, now got you touching  
Made a crank cut, now we sucking and f\*\*king

[Chorus: Tank]

You! {You}  
Thinking about me! (Thinking about me)  
Sucking on you! (Sucking on you)  
You sucking on me! (Can you do it for me babe?)  
Me! (Me)  
Thinking about you! (Thinking about you)  
Cumming on me! (Cumming on me baby)  
Me cumming on you! (Me cumming on you shorty babe)
