You got me so hypnotized the way ya body rolling
round and round
(That booty keep bumping, tiddies just bouncing up
and down)
You got me so hypnotized the way ya body rolling

and down)

Im yet up and im horny
All I need now is some money
Dat pussy got me zoning
Her vibe tell me she want it
She got to fuck how she on me
I got know coz she joning
Know in that panties she foaming
Im locked eyes on that monkey
I know she wet coz she told me
Dat ass on her; she poking
Every nigga in her scoping
I see me up in her poking
She bent ova and Im stroking
Her cheeks spread wide open
Im beating in her and Im focus

nigga like me spend that cash)

Plies

She bad as hell and she swoll
Im tryng a play in her hole
Lil mama a dime; she cold
I f*#k her once and she sore
I want her naked; no clothes
Iâ'm into private shows
No limit; anything goes
Imma let her ride; her choice
Just stand in front of me and pose
You touch mine; I touch yours
To get her sprung is my goal
First time I seen her I froze
I had to get her she knows
She worked then she fall
Coz Im too real and she know
She want da goon and it shows
