We never talked about it
Cause you never even cared
And what you really wanted
I never even had
Cause what may seem right
And what may be wrong
Seems out of sight
In this place we belong
Giving everything

Giving everything for love
I'm finding out that its not enough
Theres nothing left between you and I
I'm finding faith but losing us (I'm losing us)
When worlds collide

Together we seem perfect
A fairy tale for sure
And looking on the outside
You'd never even know
We're just not right
When compromise is wrong
Seems out of sight
In this place we belong
Giving everything

Giving everything for love
I'm finding out that its not enough
Theres nothing left between you and I
I'm finding faith but losing us (I'm losing us)
When worlds collide

We're just not right
When compromise is wrong
Seems out of sight
In this place we belong
Giving everything

Giving everything for love
I'm finding out that its not enough
Theres nothing left between you and I

I'm finding faith but losing us (I'm losing us)
When worlds collide
