Hang on when the water is rising
Hang on when the waves are crashing
Hang on just don't ever let go

I'm so stubborn, it's how I got here
So alone, feels like forever
Wanna swim away
And breath the open air
I feel so afraid
Then I hear you say

Hang on when the water is rising
Hang on when the waves are crashing
Hang on just don't ever let go

I'm so hungry, how can I stay here
I'm starving for what I hold so dear
Like a hurricane
Takes everything
From me, wake me from this dream

Hang on when the water is rising
Hang on when the waves are crashing
Hang on just don't ever let go
Hang on when you are barely breathing
Hang on when your hearts still beating
Hang on just don't ever let go

Three days, thirty years
So hopeless doesn't matter
Don't say it's too late
If you blink your eyes
The sun is rising
The sun is rising

Hang on when the water is rising
Hang on when the waves are crashing
Hang on just don't ever let go
Hang on when you are barely breathing
Hang on when your hearts still beating
Hang on just don't ever let go
