I tried to be patient, but if I keep waiting.  
Will there be anything left for me?  
I play to gray walls and basements,  
While they soak all the fame in,  
But that ain't the way that it's always gonna be.

And I can't give up now (I've gone too far down)  
I give anything for this, it's all I have left.  
If I play it right, I know there's a light.  
I just got to keep on going, there's no way of knowing.  
The light can come in and leave us surprised.

I don't know what's in store, but I wanted more.  
I'll go forever, and ever, and ever, yah.  
I'll go forever, and ever, and ever, for...

My lips to your ears, confessing my fears.  
Cause when you listen I'm indestructable.  
From Portland to Paris, I hope that you share this.  
With someone on your side of the world.

And I can't give up now  
I give anything for this, it's all I have left.  
If I play it right, I know there's a light.  
I just got to keep on going, there's no way of knowing.  
The light can come in and leave us surprised.

I don't know what's in store, but I wanted more.  
I'll go forever, and ever, and ever, yah.  
I'll go forever, and ever, and ever.

When will my time be?  
I need you to hear me.  
When will my time be?  
I need you to hear me.

If I play it right, I know there's a light.  
I just got to keep on going, there's no way of knowing.  
The light can come in and leave us surprised.

I don't know what's in store, but I wanted more.  
I'll go forever, and ever, and ever, yah.

I'll go forever, and ever, and ever.

I'll go forever, and ever, and ever, and ever, and ever...
