Riding on my mind  
I feel that I'm sinking  
What am I saying  
Can't believe I'm even  
Feeling this way  
Is it better to ignore this  
Or carry on just  
As it was before  
Is it better to  
Express my feelings  
Or hide them more

Hey now don't you see that it's all right  
What you need is in your sight  
So turn around as if it matters  
Hey now don't you see that it's all right  
What you need is all inside  
So turn around as if it matters

I really can't hide the  
Pain flowing through me  
Maybe it's time  
I apologise for  
Thinking this way  
I think it's better  
That we're just friends Instead of dealing  
With this plague of lies  
A friend is a friend until  
Proven otherwise€  
Proven otherwise

Hey now don't you see that it's all right  
What you need is in your sight  
So turn around as if it matters  
Hey now don't you see that it's all right  
What you need is all inside  
So turn around as if it matters

I wish I was more like you  
I wish I was not scared  
To have to hold  
Comfort me

Like my promises

Hey now don't you see that it's all right  
What you need is in your sight  
So turn around as if it matters  
Hey now don't you see that it's all right  
What you need is all inside  
So turn around as if it matters
