Is there something wrong with me
I'm not so essential for your pride
Build me up
Say I'm great
I know you love me but

Why, Do I have to hide
From the welts you hide
From the welts you hide
You hide

Is there something wrong with me
I'm not just always on your side
Is there something I can't see
If not so then why do I have to hide?
Build me up
Say I'm great
I know you love me but

Why, Do I have to hide
From the welts you hide
From the welts you hide
You hide

Cut me down
Why, Do I have to hide
From the welts you hide
From the welts you hide
You hide
