I talk about the restless soul in your mind
Never knowing which way to go
What is wrong, what is right.
Can't listen to reason
Might ease the pain
I can't get a hold of myself
I can't let refrain

And you say oh

You separated my
Belief in you
You take for granted while
I change

Listen to me, don't stare through me
Just accept me how I am
Hear me right now, I don't care how
Please don't make me ask again

I talk about the reprimand in my mind
Never knowing which way to go
I can't tell, I can't find
Can't listen to reason
Might ease the pain
I can't get a hold of myself
I can't let refrain

And you say oh

You separated my
Belief in you
You take for granted while
I change

Listen to me, don't stare through me
Just accept me how I am
Hear me right now, I don't care how
Please don't make me ask again

I never wanted you to come and save me
So be a friend to me and try again, I never

I never wanted you to come and hold me
So be a friend to me
And never let it die

I'm already on my own

Listen to me, don't stare through me
Just accept me how I am
Hear me right now, I don't care how
Please don't make me ask again
