It seems that justice
And all it's pretty faces
Have laid a new foundation
For us to die

People's ashes
The all together
Plash of human
Ego won't end right

Just guess
How much you mean to me
How high you rate in what I see
How hard is it for you to
Pick a number
Less than zero

I have rejected
The reasons as to
How someone can
So justify this

Such mass destruction
Of countless people's
Dreams like mine please
Why don't you stop this

Just guess
How much you mean to me
How high you rate in what I see
How hard is it for you to
Pick a number
Less than zero

You'd have to be a fool to see
Blindly that we believe
Now that we know we're letting go
It's you that we don't need
Your attitude suited your mood
We are the
Generation now see exactly how

Just guess
How much you mean to me
How high you rate in what I see
How hard is it for you to
Pick a number
Less than zero
