You know it happened just the other day  
And I'm sorry  
You know I know how to fuck it up any other way  
And I'm worried  
I hope you know that I am just a stupid pawn  
Of generation Y I'm telling you  
So please do not ignore  
The fact that still remains is that I am a fucking loser  
Just like everyone else

This my child, Break down, then I suffocate  
Can't you see, I'm not, ordinary or....  
A whore

You know I weakened when I heard you say  
That you're going  
Just tell me why I do not like compatability  
Without you knowing  
I hope you grow into a happy social life  
Of goal fullfilling ace sensations parties anything you  
like  
I hope I'm there beside you not apart with fighting  
words  
Just like everyone else

This my child, Break down, then I suffocate  
Can't you see, I'm not, ordinary or...  
A whore

Ignore the whore, cry

And I'm clearer  
To save my friend  
Why am I headstrong  
What you said is my fault

This my child, Break down, then I suffocate  
Cant you see, Im not, ordinary or...  
A whore
