Unfortunately, you're what I'm looking for
Don't be scared, it wont hurt anymore
Consequently, your feelings get involved
But who cares, when it is your time to go, to go

Come to me, you're the soul I need
Tell me what do you believe in?

I kind of hated, the answers as to why
You're ripped away
With out so much as a goodbye
I contemplated, all the reasons why
You had to go
And when you say your last goodbye

Come to me, you're the soul I need
Tell me what do you believe in
This my task, so that I may ask
Tell me what do you believe in?

Please stop this right from the start
I can't take it

I'll see you there, one day I'll be
By your side, once again my friend

Unfortunately, you're what I'm looking for
Don't be scared, it wont hurt anymore

Come to me, you're the soul I need
Tell me what do you believe in
This my task, so that I may ask
Tell me what do you believe in?
