It's Immitation Music.

If there is in the morning can move anything, they push
you out infront of me.

If there is in the morning can go anywhere, does it go
in the space story.

If there is in the morning can carry anything, they push
you out infront of me.

If there is in the morning can't go everyday, we will not
see a happy life.

[Step 1], I said Winnie the P; [You can get the money
Monday], Loud and say.

[Step 2], Anyway is sweet; [That's right - you got to buy
me], Something good!

[Step 3/sexy/sekushii], Well let me get this straight;
see, When you see me 'gain you'll say the: "Ooh Ooh
Ahh."

[Step 4], It's a moonlight dance; Money changes to
anything- after all:

These seeds are: 'I am Nights of glee'; know you need
'em fast, buy 'em lots ~ evening shining for me.
Fire fully shines and nights are glee; people said,
running out: "I'll start these ripening now."

These seeds are: 'I am Nights of glee'; my blue dress,
in the streets ~ evening's waiting for me.
Fine, surly I'm at nights a Queen; those who say,
driving out: "I'll start these ripening now."
