"A Lifetime"

Holy animation, what's a human, what's a lifetime?
All the angels, praying for me, I'm only human
For a lifetime, what's a lifetime, if you love me?
For a lifetime, you said you'd love me

Mass producing, more affection, for a human,
For a lifetime, many lifetimes, for a human,
Is it human to, know your...your lifetimes?
What's a lifetime, if you love me?
What's a lifetime, if you can't love me?

Sacred introduction, to a human, to a lifetime,
Elevation, turns emotions, into humans
Into lifetimes, what's a lifetime, if you love me?
For a lifetime, you said you'd love me
