Don't talk to me with that smug attitude
That self-righteous sting in your voice makes me sick
You fool, you liar, you workless piece of shit
You're a god-for-nothing waste of space, a fucking
hypocrite

As the bullets start to fly
So hear me clearly as darkness fills the sky
As the bullets start to fly
Listen to me eulogy right before you die
As the bullets start to fly
You are a walking blasphemy - a living lie
As the bullets start to fly
start-to-fly, start-to-fly, you're gonna die

Don't think you can ostracige me with your lies
I'm coming on full-force with vengeance in my mind
You're about to find out how power feels
When you're on the receiving end of a tyrant's heel

As the bullets start to fly
So hear me clearly as darkness fills the sky
As the bullets start to fly
Listen to me eulogy right before you die
As the bullets start to fly
You are a walking blasphemy - a living lie
As the bullets start to fly
start-to-fly, start-to-fly, you're gonna die

You talk about us as if you understand our lives
But the only thing you care about
is if your bank account survives
I see you everyday when I'm out on the town
One day I'll lose my mind and come to hunt you down

As the bullets start to fly
So hear me clearly as darkness fills the sky
As the bullets start to fly
Listen to me eulogy right before you die
As the bullets start to fly
You are a walking blasphemy - a living lie

As the bullets start to fly
start-to-fly, start-to-fly, you're gonna die

You're an inversion of truth, a spiritual disease
You've spend our birthright, I've come to claim the fee
I'm the power of a billion souls rising from the grave
I am the hand of retribution for those you have
betrayed

As the bullets start to fly
You are a walking blasphemy - a living lie
As the bullets start to fly
start-to-fly, start-to-fly, you're gonna die
