I'm a white man with a heart full of hate  
I do not fit in, in this corrupt state  
A white & honest working class man  
There's no room for you, if you love your land.

Smash the system - tear it down!  
Put the politicians six feet under ground  
Smash the system - tear it down!

Smash the system - tear it down!  
Put the politicians six feet under ground  
Smash the system - tear it down!

You may call me a criminal, maybe you're right  
But I don't give a fuck, 'cause I'm in the right  
The laws of this society are not made for you and me  
Made by alien people, to keep our nation on it's knees

Smash the system - tear it down!  
Put the politicians six feet under ground  
Smash the system - tear it down!

Smash the system - tear it down!  
Put the politicians six feet under ground  
Smash the system - tear it down!

I'm a white man with a heart full of hate  
I do not fit in, in this corrupt state  
A white & honest working class man  
There's no room for you, if you love your land.

Smash the system - tear it down!  
Put the politicians six feet under ground  
Smash the system - tear it down!

Smash the system - tear it down!  
Put the politicians six feet under ground  
Smash the system - tear it down!
