Soncheyenne tell me about mankind
and all of my lifetimes with you

Dayglow talk to me about rainbows
and all of my lifetimes with you

Promise you'll always be cherished
in all of my lifetimes with you

Earth's Church tells me I've no worth
nor any of my lifetimes with you

But you said you'd show me
All the different sides to you
I'll try and understand you
'Cause when you're lied to like I'm lied to
All that can connect you is your love

Soncheyenne tell me about mankind
and all of my lifetimes with you

Bright skies you cry like I cry
in all of my lifetimes with you

Light Be Everything inside me
through all of my lifetimes with you

But I fear they've no idea
All the other minds in you
thinking thoughts for you
when you live not like they do
all that can connect you is your love

Soncheyenne tell me about mankind
and all of my lifetimes with you

You cry like I do
Show me what it's like in you
'Cause I know why they hate you
when you know one more than they know then
all that can connect you is your love

Sonchienne tell me about mankind
and all of my lifetimes with you

and all of my lifetimes with you
(repeat and fade)
