Stay away from me
Stay away from me

Only you
Can tell me I love you and not
Know the truth
Only you
Can hurt me this much and I know
That you do

I know we're no good for each other
But every time I see you I change my mind

So could you, please
Stay away from me
As much as I want you back
I don't want you back
Could you please
Stay away from me
As much as I want you back

I don't want you back

Only I
Could let myself fall in love
Like a fool
If Only I
Could've found out the difference in time
Enough to choose

I know we're no good for each other
But every time I see you I change my mind

So could you, please
Stay away from me
As much as I want you back
I don't want you back
Could you please
Stay away from me
As much as I want you back
I don't want you back

Maybe I'm supposed to be by myself
God knows that I don't want nobody else
Maybe you and I could try to fix ourselves
But there I go changing my mind

So could you, please
Stay away from me
As much as I want you back
I don't want you back
Could you please
Stay away from me
As much as I want you back
I don't want you back

Could you, please
Stay away from me
As much as I want you back
I don't want you back

Could you, please
Stay away from me
As much as I want you back
I don't want you back

I don't want you back
