Yeah!

In a quest to become colorless  
I exhalt my eyes with a most profound trust  
Yet they are masters at deception  
I wonder why... a black 4 leaf clover  
Prince be sends a purple valentine again

"how does it feel to be some kind of beautiful? "

Once more my feelings have succeeded in confusing  
me  
But what's most amusing is  
I like the way it looks.

Distorted isn't it?  
But it's beautiful!  
Exceptionally beautiful!  
Damn.

"how does it feel to be some kind of beautiful? "

I drift along in a sea of compulsion  
Whether or not I'm dead  
I have no idea  
I'm standing on a hill that overlooks a meadow  
And I'm thinking

Of absolutely nothing  
My current mood must resemble electric blue  
It's always tranquil, but  
It makes me bleed

Question marks constantly arrest my persona  
Ironic how that creates one for me  
Whatever is whatever

A phenomenon that consists of life and death  
Hi mr experience  
How was your trip to the moon  
I tear my thoughts with my own sarcastically piercing

blade  
I love you  
Because you make me sick

Distorted isn't it?  
But it's beautiful!  
Exceptionally beautiful!
