When you run away with someone  
To the corners of your mind  
Be it time or place or space of love.  
I think you know, I think you know....  
Whatever magnifies you.  
My heart won't let it go so,  
Whatever the barriers,  
Whatever the forces are.  
I know that they don't matter,  
But they do...and that's why....

( chorus )

I find it so hard for me to tell you  
I want you to love me more  
I find it so hard for me to tell you  
I want you to love me more  
I find it so hard for me to tell you  
I want you to love me more  
I find it so hard for me to tell you  
I want you.....to love me more

If you could see what I see  
When I rest my eyes on you.  
Be it people words or anything  
I think they know, I think they know...  
If it's you it's you and only you  
'cause my emotions run my life.  
So, wherever the rainbows go,  
Wherever the teardrops are  
I bet they feel the love I get from you  
And that's why...

( chorus )

It's funny you should say  
I dream you all this time  
'cause all the time, I think I do...  
It's funny you should say  
You see the love. I push to your heart...  
I sure hope it's in your nature  
To love me more....to love me more...

To love me more...to love me more
