Sittin at the table, trying to read the paper
A silence keeps ringing through my head
I made our favorite coffee, but it doesn't taste the
same,
Another Black moon day

Black moon, I can't escape from you
How'd you follow me right into my room?
Howd you find me here?
I just can't get away
Another black moon day

There's no use to stay in bed, 'cause sleep will never
come
I wonder if i'll ever see the sun

The picture in my pocket tells the story of our lives
While yesterday keeps playing through my mind
Still I go on waiting for time to take the pain
Another black moon day

There's no need to turn and look, I know that your right
there
You always seem to find me everywhere

Black moon, I can't escape from you
How'd you follow me right into my room?
Howd you find me here?
I just can't get away
Another black moon day

Ooooooh.....

Black mooooooooooo...)
Black moon, I can't escape from you
Oooooon.....how'd you follow me)
How'd you follow me right into my room?
(how diiid)
How'd you find me here?
I just can't get away
Another black moon day

Another black moon day
Another black...moon....daay....
