Can you show me just what it is
Can you put my finger on it
Don't know why but somehow it just feels like Christmas
Like I'm hangin' down from a ledge
Like I'm leaning way off the edge
And the only place to fall is so much better

Feeling like I'm six years old
Always do what I'm told
Got my hair slicked back like a centrefold
Treat me like a cowboy
Love me like a new toy
Never let me go
Never let me go
Let me go

Chorus:
Please, please take me closer
I'm all alone here (on the outside)
Please, please take me closer
I'm on my own here

Gonna put it all in you hands
Even though I had it all planned
If I said it ten times would it help me mean it

Chorus:
Please, please take me closer
I'm all alone here (on the outside)
Please, please take me closer
I'm on my own here

Please, please take me closer
I'm all alone here
Please, please take me closer
I'm on my own here (on the outside)
Please, please take me closer
I'm all alone here
Please, please take me closer
I'm on my own here
