You don't understand what you mean I can't see the
words you say
And I'm starting to wonder why you're bringing me
down
You said you would always be the one but I never got to
see you smile
Why you doing this to me why doing this tome

I've had enough time wasting you could never seem to
find the answer
But I can't wait for ever, no I won't wait for ever
Tomorrow isn't good enough and I feel like giving up
Why doing this to me why doing this to me

Break me away from me, we've come so far
I cutting of circulation, we will be lost
But I'm not stupid believe me, maybe we just aren't
meant to be

Why doing this to me
I can't figure out anything
And you won't tell me what's wrong
And then you're all along
And starting to get left
And so feeling safer
And starting to feel like I'm dying on the inside

Break me away from me, we've come so far
I'm cutting of circulation, we will be lost
But I'm not stupid believe me, maybe we just aren't
meant to be [repeat]
