(Fuck you, we will)

Dreams of America, the beautiful
Land of the free, home to the slaves

Dreams of America, the beautiful
Land of the free, home to the slain

Dreams of America, the beautiful
I pledge allegiance to myself
To bring justice to us all

Government conspiracy
Our eyes sewn shut
One nation under the god
Where thinking is shunned

Violence is justified
Under the surface
It's right to be hard
You've got to fight to survive
Survive

Violence is justified
Under the surface
It's right to be hard
You've got to fight to survive
Survive

Revolution will be started
So stand up and fight with me
Revolution will be started
So stand up and fight with me
Revolution will be started
So stand up and fight with me
Revolution, revolution will be started
So stand up and fight with me
Revolution will be started
So stand up and fight with me
Revolution, revolution will be started
So stand up and fight with me
Revolution will be started

So stand up and fight with me
Revolution, revolution will be started
So stand up
