Oh the days of wine and roses and the rubbing of
noses
Bare feet, new sprouts, and garden hoses.
Skipping stones, while skipping home...
"Look at that tree, it's got a brand new leaf!"
Candle light, candle light -- for no reason
Eating fresh fruit when it's in season.
Take an aimless drive behind a motor wheel
Sticking fingers on paintings to see the way they feel!
Spending the day in the shirt that you wore
I can sense your presence from the day before...
