I am not a sadist, no  
I don't really mind it, though  
To think I drive you slightly, happily mad

So glad to be your beau  
Catching every kiss you blow  
The best example pleasure ever had

It's so much fun  
And so much fun to think about  
What's next to come  
And just how everything's turned out

I'm not much for PDA,  
So, let's try to slip away  
Into a place where we'll be all alone

Then when the coast is clear,  
You'll say "baby, hold me near"  
Whatever comes to be is ours to own

It's the genuine thing  
I never have to fret about  
Some tragic dream  
That's something I could do without

\*square solo\*

It's a marvelous thing  
And a marvelous thing to think about  
That sense of life  
That I could never do without

So when you're fast asleep  
Exploring dreamland's mysteries  
I'll give a kiss to you for on the way

And then when you come to  
And tell me I was there with you  
I'll smile with pride to've been accessory.
