"Get Out!"

Send me some mail, or call me
Or something along those lines
Come to my place and kiss me
Yeah, we could have fun tonight

And you could even dye my hair
The exact color of bright, ripe orange rind
Something active, I don't care
We should get out tonight!

Jump in my arms and spin me
Yeah, we should get out tonight
Jump in my bed and pin me
Yeah, we could have fun tonight!

You must be busting at the seams
You've been sulking in the dark for too long
So get out and chase a dream (or two)
Oh, get out tonight!

Knock on my door and fuck me
Or something along those lines
We could go for some food or coffee
Yeah, we should get out tonight

Because we're such a charming pair
And the world could use a bit more beauty
And if we elicit stares, who cares?
We should get out tonight!

So, send me some mail, or call me
Or something along those lines
I'm twisting your arm if need be
Yeah, we should get out tonight!
