She knows how to reach me
Mmm, when I'm so far away
When I can't find the words
She knows just what to say

Mmm, and when I get restless
She gives me the space to be alone
When I leave she don't worry
She knows I'm coming home, I'm coming home

(Chorus)
And don't you know she knows me, better than I know
myself
And it's good to know she knows me
She knows me so well, Oo yeah I'm so glad to know
She knows me

She knows when I'm weary
And I just need to ease my mind
Oh yes she is the answer
I never thought I'd find, I never thought I'd find

(Chorus)

How she holds me, her touch consoles me
She feels what I'm feeling inside

(Chorus)
(Repeat)

I'm so glad, Oh I'm so glad to know
She knows
Oo she knows me
She knows me
She knows
I'm so glad, I'm so glad she knows me so well
