We talked for hours, trying to figure it out  
Running out of things to say  
Wish I could tell you, I was going to stay  
You know it's getting late

Now's the time, please don't cry  
But we've got to let it go  
Deep inside we both know why  
We've been through this before

I don't want to have to say goodbye tonight  
So til we meet again  
Maybe another place, another time

I don't know when  
But I'll think of you till then  
Til we meet again, again

I know we promised, we'd never be here  
That we'd never come to this  
We tried so hard, as hard as we could  
But somehow we just missed

So now's the time, baby, please don't cry  
But we've got to let it go  
Oh, deep inside, we both know why  
We've been through this before

I don't want to have to say goodbye tonight  
So til we meet again  
Maybe another place, another time

I don't know when  
But I'll think of you till then  
Til we meet again

We've been through this before

I don't want to have to say goodbye tonight  
So til we meet again  
Maybe another place, another time

I don't know when  
But I'll think of you till then  
Til we meet again  
But I'll think of you till then  
Til we meet again
