Alright

Well, it's Friday night and I'm waiting
On your call girl, like I do
Am I wasting my time by this telephone line?
Waiting on your call to come through, yeah

I should be already over you
Tell me mama, what can I do? Oh no
It's been a hard, long road that you put me through
7 days over you, yeah

7 days, 7 days over you
7 days, 7 days over you

Rock it

I kick and fight for you, baby
But that's never enough for you
You've been twisted and torn since the day you was
born
You make a game of breaking hearts in two, yeah

Well, now I want to give up but I dig the rush too much
I guess that's what love will do
So drag your heart-stopping mind trip downtown, girl
Oh, come Friday night I'll find someone new

Girl, I'm already over you
Tell me mama, what can I do? Oh no
It's been a hard, hard road that you put me through
I'm 7 days over you, yeah

7 days, 7 days over you, oh baby
I'm 7 days, 7 days over you
Lord, knows what you put me through

Already over you
Tell me mama, what can I do?
I should be already over you
Now, tell me mama, what can I do?
Already over you

Now, tell me mama, what can I do?

Well, I'm already over you
Tell me mama, what can I do?
It's been a hard, hard road that you put me through
I'm 7 days over you, yeah

I should be already over you
Tell me mama, what can I do?
It's been a hard, hard road that you put me through
I'm 7 days over, you got me cheat
