I've spent my life waiting  
For that famous final scene  
I believe you know the one--  
When she falls in love with me

As for you, you've been fakin' your smile  
Fillin' your time  
On small talk  
And cheap wine  
Knowing in your heart there was someplace  
That you'd rather be

So right or wrong,  
I wrote you this song  
To tell you how I feel

Don't put up no fight  
You just turn off the lights  
Walk over here to me

Chorus:  
And lay your body down on me  
Down on me tonight, oh yeah  
Oh, let your tears fall down on me  
Down on me tonight, oh yeah

As for me I've lied to, denied to  
Fight with, and tried to  
Apologize for all my ways  
To all the women who were fool enough to fall  
In love with me

You played your role

Like a movie  
Got your lines for who is,  
Who was, who would be  
Somehow you lost track  
While real love slipped away, yeah

So for tonight, just turn off the lights  
And let those real feelings show

There's no wrong or right  
But until you try  
You're never gonna know

Chorus

Before you was mine  
I was so lonely  
Ain't it a shame  
Your heart must feel pain  
Before you get back on your feet again

Solo

So let's draw the blinds  
Forget wasted time  
And let them old demons die  
Take ahold of my hand  
Then you'd understand  
Why love's worth one more try

Chorus out
