You can look
But you can't touch it
Well let's go

Good girls go to Heaven
Bad girls go to Hell
Rest of them get rich
Do just what they feel

Rich boys live in houses
Poor live in sin
Rest of them get married
Never seen again

Let me tell the story explain the shape I'm in
Girl I had this night never tasted sin
Took her to my hotel tried to get my way
"Wait a minute Bret something I must say" she said

"If you wanna talk fine with me
If you want more you'd better let me be"

'Cause you can look but you can't touch
'Cause the best things in life ain't cheap no
You can look but you can't touch
Baby no I ain't meant for keep

Maybe I'm a bad boy
Been around the block
I am good at one
Believe me didn't talk

She said "You must be kidding
I've heard this all before
Other girls might buy it
I don't, that's for sure"

Wait a minute baby, don't want you go
Don't get no closer, answer still is no
Wined her, dined her, fancy talked
Acted cool and smooth
Got my hands around her shoulder

Two inches from the move

I guess I'm about as close as I could be
I finally made my move, she just said to me

"You can look but you can't touch
'Cause the best things in life ain't cheap no
You can look but you can't touch
Baby no I ain't meant for keep"

Wait a minute baby, let me say please
Hand up her leg, slapped me across the face
You must be kiddin', action ain't a crime
It's been a month just to get that piece of mind, let's go

Do something got myself a plan
Open up and go bring handle if you can
Break it down little fast you'll see the truth
Got a proper pair cool not for a present suite

Look but you can't touch
'Cause the best things in life ain't cheap no
You can look but you can't touch
Baby no I ain't meant for keep

You can look, no
You don't touch it
You can look, no
Don't touch it
You can look, no
You don't touch it
You can look

Do it, for me
Well let's go
