What you heard about me  
Was probably right  
I'm the boy next door  
The one you were warned about  
Oh yes, indeed

Well, I'm no upstanding citizen  
But I'm standin' up just the same

Number one bad boy  
Who's to blame  
Number one bad boy  
Ain't that a shame  
Yeah, right

All my friends are two faced  
And I'm a social disgrace  
I got no morals  
Don't belong in the rat race

Well, I'm no upstanding citizen  
But I'm standin' up just the same

Number one bad boy  
The one you heard about  
Number one bad boy  
Go ahead honey  
Kick me out

Into a lonely world  
Where I'm lost without a trace  
Two faced, rat race, disgrace

Will I stand up on my own?  
Will I fall on my face?  
Ooh watch out

Will I stand up on my own?  
Will I fall on my face?  
Ooh look out, ooh

What you heard about me

Was probably right  
I'm the bad boy next door  
The one you were warned about  
Yes, indeed

Well, I'm no upstandin' citizen  
But I'm standin' up just the same

Number one bad boy  
Who's to blame  
Number one bad boy  
Ain't that a shame  
Yeah

Number one bad boy  
The boy you heard about  
Number one bad boy  
Go ahead honey  
Kick me out

Number one, number one  
Number one, bad, bad boy  
Number one, number one  
Number one, bad, bad boy

Number one, number one  
Number one, bad, bad boy  
Number one, number one  
Number one, bad, bad boy  
Bad boy
