Well, i stepped into the room,  
right then she caught my eye,  
had an ass like a truck,  
and too amazin' from the prize

shes been like no other,  
just wanna make that mother brick house

Chorus:  
one more for the bone,  
she likes lips and  
one more for the bone,  
she dont need no diamond rings,  
couldn't get her through the door,  
so i did her on the floor,  
one more for the bone

let's get naked baby,  
roll under the sheets,  
i ask one favor baby,  
dont you roll on top of me

shes my frisko queen,  
a non-stop love machine,  
on the scene,  
like a sex machine

one more for the bone,  
sparks be flyin like the fourth of july,  
one more for the bone,  
but dont get any in your eye,  
strapped me on a two by four,  
so i dove right in when she want more,  
one more for the bone

i got excited,  
she threw her hands on top of me,  
on the side of a truck,  
on the side of a tree

She whispered in my ear,  
just one question,

could you push it near baby,  
just started to move when she got down to it

Chorus x's 2
