"Set You Free"

When you was a child, life's a game
But you got all the rules, all changed
Pray to a spiritual God for material things
Then wait by the phone but it don't ring

So if you feel like you fell behind
That mountain's got too big to climb
Want to hang your head and you'll say, "Screw it"
Forget that shit lets get down to it, come on, baby

Mind tripper, dance sister
It'll set you free, I see you baby
Mind tripper, dance sister, keep the faith
Forget the fame, don't let your balls
Go down the drain and it'll set you free

The news man shoves it down our throats
The ratings sore, the victims choke
Say all at once is best stand clear
For a few of us who got no fear

So you feel like you sinned baby
You got nothing left to hold, no
Stop feeling like a numb, you best forget
That shit that you been told, baby bring it on

Mind tripper, dance sister
It'll set you free, I see you baby
Mind tripper, dance sister
Bring her right here to me

Mind tripper, dance sister
That ain't no way to change your past
Just get your head out of your ass
And it'll set you free

That shit comes down for miles
And it really starts to stink
Then dump it in the ocean
'Till it's floatin' at the brink

And when that boat don't float no more

They're just gonna let it sink
Don't ask me no more questions, baby
You know what I think, yeah

Well, have you heard about it?
All the new talk on the streets
I'm coming on hard, baby
I hope you're ready for a brand new me

So get your head out of the gutter
That's no way to right that wrong
There'll be time enough for sleep, baby
When you're dead and gone I said
Bye bye, baby

Mind tripper, dance sister
It'll set you free, I see you baby
Mind tripper, dance sister
Bring her right here to me

Mind tripper, dance sister
That ain't no way to change your past
Just get your head out of your ass

Mind tripper, dance sister
Keep the faith, forget the fame
Don't let your balls go down the drain
And it'll set you free
